emmtrix newsletter, February 2021

Dear {{Contact.ANREDE}},

We will be at embedded world 2021 all next week (March 01-05, 2021).The digital show is a great opportunity to meet up from the comfort of your (home) office, so do drop by for a visit. We also have two more dates for our successful AURIX webinar.

MEET EMMTRIX

embedded world 2021 - digital
MAR 01-05, 2021

DIGITAL

embeddedworld2021
Exhibition&Conference
...it's a smarter world

- Visit our **digital booth in the startup area**, book a discussion with one of our tech guys on any of the following topics (performance estimation, static code analysis, software parallelization, code generation), or just have a chat for old times' sake. We will be happy to look after you.
- Attend our **presentation** "From MATLAB to C Code for Heterogenous Embedded Systems – Using Abstraction Levels for Specialized Optimization" **in session 6.8 – March 03, 2021, 2:30 pm - 3:00 pm.**

With the enclosed admission voucher **ew21457041** you secure your free ticket for the embedded world. Please register in advance online at embedded-world.de/voucher.

We gladly support you in your high-end software projects.

Parallel Programming Made Easy for Infineon 32-bit TriCore™ AURIX™ MCU
MAR 11, 2021 & APR 22, 2021

Join our free live webinar. Make full use of the AURIX™ hardware & create functionally safe parallel applications.

Worried about the pitfalls of parallel programming on a complex and sophisticated multicore system like the AURIX™? In our 60-minute live-webinar we will show you how to harness the power of Infineon 32-bit TriCore™ AURIX™- TC2xx and TC3xx multicore microcontrollers without the necessity of diving deeply into the technical details of this powerful architecture.

Next available dates:

Speaker:

- March 11, 2021 - 10 am (CET)
- April 22, 2021 - 10 am (CET)

Michael Rückauer
Senior Engineer
